

# MAYBE IT'S TIME TO QUESTION YOUR SHREDDING COMPANY.

1

Does your shredding company easily destroy it all – from paper to hard drives?

2

Does your shredding company have an on-staff CRM that can help you develop or update your records retention/destruction policy?

3

Does your shredding company provide you with closed-circuit monitoring of your shredding so you never have to leave your office?

4

Does your shredding company offer a Double Destruction Guarantee that verifies legally non-negotiable and indecipherable destruction?

5

Does your shredding company bar-code track your containers providing you with additional security and service detail?

From paper to hard drives, you can trust your information destruction to Shred Right. With over 20 years of secure shredding experience, Shred Right offers flexible shredding solutions for total confidence and complete satisfaction – guaranteed. Choose peace-of-mind. Choose Shred Right.
