\*NAID Certifications means that Shred Right has submitted to a close examination of every aspect of its security process and has met or exceeded every requirement. NAID is a nonprofit international trade association formed in 1993 for and of companies that offer document destruction services.

Shred Right has the right secure shredding solution for you – whether you choose to deliver your material and have it shredded for our lowest rates or you require our complete access to our secure chain-of-custody including container pick up, bar-coded GPS tracking and online viewing. Your materials are always shredded in our electronically-guarded Shredding Vault™ and Shred Right always guarantees total confidence and complete customer satisfaction. Trust your information destruction to Shred Right and let over 20 years of experience and industry-leading processes go to work for you. Choose peace of mind. Choose your plan. Choose Shred Right for:

- **Electronically guarded Shredding Vault™** with a capacity up to 35,000 pounds per hour
- **Closed-circuit viewing** in our viewing room
- **Double Destruction Guarantee** verifies legally non-negotiable and indecipherable destruction
- **Secure containers** to prevent unauthorized access
- **GPS monitored fleet** with security screened, professional drivers
- **Bar-coded shipments** for real-time tracking
- **Online viewing** from the convenience of your office
- **On-staff Certified Records Manager (CRM)** to help establish your company's destruction policies

Shred Right is a locally owned shredding company of over 20 years. The high-security Shred Right facility, our employees and vehicles are AAA certified with the National Association for Information Destruction (NAID) – meeting or exceeding the rigorous AAA standards established by NAID's quality certification program. All of this ensures that your sensitive information will be handled and destroyed in a safe and secure manner.

**We Shred Much More Than Paper:**

- Computer hard drives
- Plastics
- CDs
- Videos
- Back-up tapes
- Credit cards
- Packaging
- Uniforms
- Software
- Books
- And more
